

ALBRIGHT CARE SERVICES UPDATE: APRIL 30, 2020

Welcome New Hires:

River Woods

Jessica Cates- CNA
 Dalton Mulberger- CNA
 Jessica Ressel- CNA

LIFE Lancaster

Brandon Parkyn- Nurse Practitioner

Participants Enjoy Activity Packs

Staff at Albright LIFE Lancaster sent a message of strength and hope to the participants. They put together this letter for all participants and sent them along with coloring pages, word puzzles and activities. Once completed, the participants receive tickets and another activity pack is sent along. When participants return, they can use those tickets to buy prizes!

President's Message:

According to Yahoo! News, "Quarantine fatigue is a desire to rebel against stay-at-home orders and recommendations in order to go out and participate in normal activities — similar to cabin fever, but more directly related to COVID-19 and the added isolation that have accompanied the virus." Quarantine fatigue is all over the news. I know you face the added challenge of families wanting to know when they can begin to visit again. As much as we are all anxious to get back to our families, friends, and things we enjoy, we have to continue to follow the guidelines established by the state to protect our residents and participants.

Thank you for all you are doing, and I appreciate all the sacrifices everyone is making on a daily basis. Stay Healthy and Safe!

Shawn T. Smith

Salvation Army Donates Food to Warrior Run Manor

The Salvation Army of Milton has been donating hot meals to residents at Warrior Run Manor. They also have donated additional food items that the residents can prepare in their apartments. That includes Chef Boyardee meals and soup. Donations also included snacks, fruit cups, cereal and more! Staff and the residents

at Warrior Run Manor are extremely grateful to the Salvation Army for their generosity during a difficult time.

Rainbow Day at RiverWoods

Staff at RiverWoods participated in Rainbow Day recently. They dressed in colorful attire and posed for bright colored photos with personalized signs. The pictures were then printed out and placed in each wing of the Nursing Care Center in the shape of a rainbow. The residents loved the pictures and the personalized messages.

Plenty of Inspiration at Normandie Ridge

There are plenty of fun activities and events for staff at Normandie Ridge during this challenging time. There have been daily theme events such as Mismatch Day, which Executive Director Lauren Dieter enjoyed. Staff members also built a bright and colorful balloon arch at the Normandie Ridge main entrance, which staff and residents have enjoyed posing in front of. And, there have been numerous food donations from local businesses including pizza, subs and much more! Thank you to everyone for all of your wonderful ideas and hard work.

Environmental Services at RiverWoods Makes a Beautiful Piece of Art

We want to thank our Environmental Services Department at RiverWoods! They have donated supplies including chalk and wood and other items, allowing our staff member Curtis Beachel to make this beautiful sign for our residents. Curtis is an artist at heart and was eager to take part in this. The residents love the sign and the message posted along with it.

LIFE Lycoming Sends Messages of Hope to Participants

Staff at LIFE Lycoming are sending messages of hope to their participants. They have each created their own signs of inspiration, which are being sent out to participants with activity kits. You can see a complete gallery of the photos on the LIFE Lycoming Facebook page. Thank you to everyone who participated in this effort!

Building Raised Flower Beds at LIFE Lancaster

Staff at LIFE Lancaster have been busy building standing flower beds for the patio at LIFE Lancaster. This will allow those in a wheelchair or those who prefer to be seated the opportunity to enjoy gardening. The flower beds are being built using recycled lumber from the basement of the LIFE Lancaster building. Great job to everyone!

Kitten Rescue at LIFE Lebanon

Lead Driver Chris Stallings at LIFE Lebanon rescued this kitten this week from underneath the Albright Van. Angel heard it purring and meowing and luckily, heard it before he drove off to make deliveries. Once the kitten was rescued, Teresa Poff decided there was room in her home for another furry family member. It is a very heart-warming story during this challenging time for everyone.

Belgian Waffles in Personal Care at River Woods

RiverWoods Personal Care residents enjoyed a delicious breakfast treat! Hope Jordan did an excellent job cooking and topping the waffles. The residents really enjoyed eating them!
