RE: UPDATES

Hello Everybody! Here are some updates:

1. Restrictions in place remain the same. At this time, I am asking residents not to go to offices in the main building but to call the staff member they are attempting to reach for whatever you need. At this time there are to be limited interactions in offices as another safety measure. I have attached a phone listing for your convenience.
2. You will see an increase in staff wearing masks. Clinical staff will be wearing medical grade masks when they are working with a resident. Other staff will be wearing cloth masks. At this time, it is not mandatory for anyone to wear a mask, but there is a heavy expectation. Once we re-examine equipment levels we may move to mandatory.
3. At this time, we are working on further stock of cloth masks and will be looking to pass them out to Independent Residents as it allows. I will notify you as we have more.
4. We are working on additional outside activities including sing-alongs and distanced exercise groups.

5. Thank you to all of our residents who are helping make extra masks for us!

We are still **Normandie Ridge Strong!** We do not currently have any employees or residents with symptoms. We have people we are monitoring from our screening tool to be extra safe.

Thank you for being understanding during this trying time. Please let me know if you have any questions or concerns. 717-718-1027 or Lauren.Dieter@albrightcare.org.
