Hello,
Welcome to the Bethany Village weekly newsletter.

A Message from the Executive Director: COVID-19 Testing Update Bethany Village experienced its first active resident COVID-19 case. The individual resides in Residential Living and is doing well. The resident is self-quarantined for a 14-day period, and will need to be symptom-free for at least 72 hours prior to coming out of the self-quarantine. Bethany Village will support this resident through their recovery.

We immediately implemented our protocols to ensure all proper measures were taken, including our contact tracing process. We have notified those individuals. The number of people who were in close contact was minimal. As a precautionary action, we will be delaying the opening of the West Computer Room and Wellness Center and Pool for two weeks. We plan to open these areas on August 31, 2020, and will share updates with you as we get closer. We have all necessary measures and protocols in place, and will continue to abide by CDC, state and local guidelines, as well as work with the Asbury Communities Operations Team. I cannot stress the importance of making the right health and safety decisions when both here and outside of Bethany Village. As always, don’t forget the 3 W’s:

1. Wear Masks
2. Wash Hands
3. Watch Distance

As a reminder, all COVID-19 data is updated daily on the Asbury COVID-19 Response and Communication webpage at Asbury.org/COVID19. You can find the daily status charts in the first blue button on the side bar.
