

## A Message from the Executive Director

October 16, 2020

Dear Residents & Family Members,

One thing is for certain throughout this pandemic: we've had to handle many curveballs. That's the reality, and we're comfortable in knowing that our response to any challenge we face has to be fluid -- we have to be willing to adjust both on a daily basis, and for the long term.

I think it is more than fair to say that here at Normandie Ridge, we've moved beyond the "push through it" phase to "making it happen." We're not fighting the reality of the environment we're operating in; in fact, we're embracing these opportunities to think differently in how we serve, and how to best keep those who live and work here safe, and, ultimately, to continue living out our mission of creating the highest quality of life.

Booker T. Washington once said, "Success is to be measured not so much by the position that one has reached in life as by the obstacles which he has overcome."

Together, as a larger community of residents, family members and associates we continue our work to not only overcome, but also to make happen whatever is needed for those we serve. Thank you for choosing Normandie Ridge, and for your partnership and teamwork. We are indeed #NormandieRidgeStrong.

## Updates and reminders

**Please note that many of these updates and reminders are also included on our community operations site: <https://www.normandieridge.org/friends-family/>.**

- We are open for seating in the Patriot Café as of October 12 and in the Congressional Dining Room as of October 19. When these areas open initially, seating will be available for residents and staff only.
- On October 19, when the Congressional Dining Room reopens, the Café will close by 4:30 p.m. daily. Residents and staff will need to order all food through the Dining Room.
- **Communications Update:** For the past several months we have delivered this community newsletter to you on a bi-weekly basis. Moving forward, we'll transition to a monthly newsletter. But rest assured, that if anything comes up that needs to be communicated between scheduled newsletters, we'll share with you via email in a timely manner.
- **We are opening the lower parking lot entrance off of Roosevelt today, Friday, Oct. 16.** All visitors will still be required to go through the front door to screen and only designated staff should be parking in the back Café lot at this time. All other doors remain closed to visitors and associates at this time due to screening protocols.
