RICH SENSE OF COMMUNITY

Marie Ibbetson

People don't understand the enrichment that life here can bring. One of the best benefits we've had in moving here is the people who live here and the people who work here. It's added a whole new dimension to our lives. We're one big family here. It sounds trite, but we really are. We care for each other, we celebrate each other when things are wonderful and we're there to support each other when things aren't going so well.

SECURITY DURING CHALLENGING TIMES

Spence Limbocker

When COVID first hit, It became very clear very fast that this was going to be a very, very safe place to live. We're part of a larger organization ... and they can bring an incredible amount of expertise. That's real important to know that they have people on their staff ... who have worked on similar kinds of crisis situations and bring experience and knowledge to their response.

SOCIAL, ENGAGING LIVING

Earlene Kendall

After a year at Asbury Place Maryville I continue to know I came to the right place at the right time. I love my space and the new friends I've made who have moved here from all over the country.

RELAXED, MAINTENANCE-FREE LIVING

Fred Ibbetson

Sell your lawn mower. Sell your house. You don't have to take care of it. You don't have to fool with the plumbing or the electrical or anything else. Come out here and someone will do it for you. Then you have the time to do the things you want to do.

PLAN FOR TODAY AND THE FUTURE

Carolyn Speck

We are so glad we moved to Asbury Place. We can participate in all kinds of activities (trips, exercise classes, meals, games, etc.) and it is comforting to know that help is only steps away if we should need it.

SCENIC CAMPUS

Rebekah Roberts

The community, dedication of residents and staff to staying active, and the gorgeous scenery make living your best life easy.
