Important Instructions for RL Vaccine Clinic

Dear Residential Living residents and their family members,

We are excited to be finalizing plans for a COVID-19 vaccination clinic here on campus for our Residential Living residents.

Throughout the day today, **paper registration forms are being placed in every RL resident's campus mailbox. These forms must be completed and returned to your concierge between now and January 28.** The Vaccine clinic will take place February 1-3 in the Rosborough Center. To make this vaccine effective, two shots are required 28 days apart. Therefore the second vaccination clinic will take place on March 1-3. You will not need to fill out registration paperwork twice. You will be scheduled for both your vaccination appointments via this one sign-up process.

Included with the registration form in your mailbox will be a complete instruction sheet. Below are links to digital copies of these documents; *this is only for your reference, as we prefer that you fill out the colored copy placed in your mailbox rather than printing this out.* Please read the instructions carefully before

completing your paper form.

Below is a link to the Emergency Use Authorization for the Moderna vaccine. The registration form will ask you if you have read this document. Please read the online form here, or *if necessary*, obtain a paper copy from a concierge. We have attempted to save paper by only printing a few hundred copies of the 5-page EUA Information and leaving them with concierges for those who do not have email.

[EUA Info](#)

For family members who wish to assist their loved one in completing the registration form, you may print the registration form here and complete it on your family member's behalf, scanning and emailing it back to me at jdimmick@asbury.org along with a quick explanation of the role you serve in this person's care. If you have official medical Power of Attorney, please send a scanned copy of that as well, or mail both to me at the below address. It must be received by January 28.

If you have read the instruction sheet completely, and you still have questions about the registration form or how the vaccine clinic will work, please reach out to Mike Leiter, Associate Executive Director, at 301-987-6227 or mleiter@asbury.org.

We look forward to this next step in keeping our community safe!

Sincerely,

Jeanne Dimmick
