*This message is going to residents and family members on our MapleWood Assisted Living distribution list.*

Jan. 29, 2021

Dear Residents & Family Members,

I am pleased to share with you today that residents and associates in MapleWood Assisted Living at Bethany Village are set to receive COVID-19 vaccinations on Thursday, Feb. 4. We feel fortunate to have been scheduled this quickly and are looking forward to this vaccine event.

We are reaching out directly to MapleWood residents and/or their respective representatives about this vaccine opportunity. We have partnered with CVS Pharmacy to procure, store and administer all COVID-19 vaccines. This vaccine will require two administrations approximately 21 days between doses -- with the first dose coming next Thursday, Feb. 4, and the second dose on Feb. 25. The vaccine will be administered in each resident's home.

We strongly encourage residents to receive the vaccine as it becomes available. While it is not required, getting the vaccine falls very much in line with our approach throughout the pandemic – that we join together in doing all that we can to minimize the impact of the coronavirus.

I am excited that we are at this next step in our fight against COVID-19. As a community, we have partnered together more than ever since the onset of the pandemic, maintaining the highest regard for safety to protect each other. While availability of the vaccine represents a next step in our journey, we must continue

with the precautions we have put in place – such as wearing masks, maintaining physical distancing, and continuing our screening processes – that have resulted in keeping our community as safe as possible.

We have launched a new Vaccine Information section on our COVID-19 Communications Hub at [Asbury.org/COVID19](https://www.asbury.org/COVID19). This new section includes an overview of our approach and Frequently Asked Questions. Please also reach out to me if you have any additional questions.

We will get through this! We are closer now than ever. We are #AsburyStrong.

Sincerely,

Bridget Walling, RN  
Administrator, Maplewood Assisted Living
