## A Message from Executive Director Brian Grundusky

March 2, 2021

Dear Residential Living Residents, Family Members & Associates,

I have an important follow-up for you today regarding the second COVID-19 vaccine clinic for Bethany Village Residential Living residents and associates. **We were recently notified by Care Options, RX, that the new COVID-19 vaccine clinic dates are scheduled for March 21 and 22.** Originally, the dates were March 7 and 8 but due to the Pennsylvania Department of Health (DOH) distribution issue of the Moderna vaccine, our second dose vaccine date has been pushed back.

**All residents and associates who are scheduled to get their second dose of the Moderna vaccine will receive a call this week to confirm their appointment.** Here's what you need to know about the new dates:

- **March 21: East Campus Residents** -- clinic will be in the Richard D. Rife Center
- **March 22: West Campus Residents & Residential Living Associates** -- clinic will be in the West Multi-Purpose Room

Appointment reminder cards for Bethany Village residents will be mailed out prior to the vaccination. We want to remind everyone that they will need to bring their vaccination cards and identification with them on the day of their vaccine. No additional forms are needed.

The new dates for the second dose are still within the appropriate timeframe as established by the CDC.

If you have any questions, please let me know.

Sincerely,

**Brian D. Grundusky, MHA, NHA**  
Executive Director
