Coming Soon: Revised Questions to the Online Screening Form

March 31, 2021

Dear Residents, Family Members & Associates,

We've built a legacy of keeping residents and associates safe and secure, no matter the challenge. The pandemic has tested us on many fronts and has required us to be at times both proactive and reactive. Today, I'm sharing with you that we will soon be updating our community screening form to reflect the latest science and guidance by the Centers for Disease Control and Prevention (CDC) and Centers for Medicare & Medicaid Services (CMS). The screening

process is a critical line of defense for our community, serving us well since its implementation many months ago.

The goal of the screening remains the same: to ensure that anyone entering our community is safe to do so. Once the revised screening form launches for those required to use it, it also may look different than the last time you used it, as the questions will now load one question at a time for a better user experience.

While we are announcing that the screening form change is coming soon, it will only apply to those who live and work here and for guests who can visit based on our current visitation status (*which may vary by Residential Living, Assisted Living and the Health Care Center*). [Please click here](#) to view the latest on our visitation status and other community operations.

Just as we have said before and will no doubt continue to say often, we approach all that we do first through the lens of our top priority, which is the health, safety and wellbeing of those who live and work here.

We will be in touch when the new screening form is live. Thank you for adhering to our process and for your continued partnership. We are #AsburyStrong.

Sincerely,

Brian D. Grundusky, MHA, NHA

Here's a GEM!

All across the Asbury system, we lift up associates with GEMs, which stands for associates who Go the Extra Mile! GEMs are given for a job well done. Today I want to feature one recently given to Kerry Miller, Electrician:

“Kerry was asked to take on a task for a new resident moving into a cottage. As always Kerry went above and beyond! The new resident was thrilled with the outcome and said how very much she appreciated Kerry's hard work. Thank you Kerry for your outstanding customer service and attention to detail and for going the extra mile for this new resident. You are appreciated!” - Jennifer Caldwell, Move-In Coordinator
