We have plenty to share, including an important message about the community screening questions, our updated vaccination rates, a reminder about Connected Living and more. Happy reading!

A Message from the Executive Director

March 31, 2021

Dear Residents, Family Members & Associates,

We've built a legacy of keeping residents and associates safe and secure, no matter the challenge. The pandemic has tested us on many fronts and has required us to be at times both proactive and reactive. Today, I'm sharing with you that we will soon be updating our community screening form to reflect the latest science and guidance by the Centers for Disease Control and Prevention (CDC) and Centers for Medicare & Medicaid Services (CMS). The screening process is a critical line of defense for our community, serving us well since its implementation many months ago.

The goal of the screening remains the same: to ensure that anyone entering our community is safe to do so. Once the revised screening form launches for those required to use it, it also may look different than the last time you used it, as the

questions will now load one question at a time for a better user experience.

While we announce the upcoming screening form change now, it only applies to those who live and work here and for guests who can visit based on our current visitation status (*which may vary by Residential Living, Personal Care and the Health Care Center*). [Please click here](#) to view the latest on our visitation status and other community operations.

Just as we have said before and will no doubt continue to say often, we approach all that we do first through the lens of our top priority, which is the health, safety and wellbeing of those who live and work here.

We will be in touch when the new screening form is live. Thank you for adhering to our process and for your continued partnership. We are #AsburyStrong.

Sincerely,

Jane Gibson

No Shortage of Opportunities to Get Moving!

Fitness Focus

About a year ago, the coronavirus pandemic suddenly changed the course of our lives. As the world went on lockdown, it presented Wellness teams with additional challenges. But they responded -- and did so in a big way. They quickly pivoted and began designing interactive, engaging programming via on-demand or live video or, when possible, running classes in-person (and sometimes in different areas or outside) while keeping physical distancing precautions in place.

How hard have the Wellness teams been working? Very! Currently, *13 Wellness classes are held each week here at Springhill.* All told, across the entire Asbury Communities family, over 140 Wellness and Fitness classes, in-person or

virtually, are held each week. [Click here to read how awesome Wellness and Fitness associates across the Asbury system have pulled this off.](#)

Do You Have Connected Living Yet?

Throughout the pandemic, you have been receiving ongoing communications from campus leadership, as well as other newsletters and updates. As we turn the calendar into a new season, we're also renewing our commitment to leveraging current technologies, such as Connected Living, to their fullest potential so that we may enhance our communication efforts to best serve you and your loved one here at Springhill. As a reminder, Connected Living is an engagement and communications platform that provides Springhill residents and families with a streamlined connection to important campus information and events through multiple channels, including a mobile app. ***Have you downloaded the Connected Living Community mobile app yet?*** Learn more and get specific download details here:

Star Associate Graduates from Emerging Leaders Program

The most recent LeadingAge Maryland Emerging Leaders Virtual Cohort wrapped up and we're happy to share that Emily Hill, RN, Director of Health Services, was among the graduates! This Emerging Leaders program is a selective, four-month-long growth and development experience for individuals at any level who are part of a Maryland-based organization, are passionate about the field of aging services, and who are seeking to transform themselves, their relationships, and their organizations. Congrats, Emily!

Now Live: CareGrove, the New Online Payment Portal

Here at Springhill, we've been consistent over the past few years to really look to leverage technology to enhance the resident experience. In line with this approach, we now have a new feature that may save you time each month and add a little convenience: We have a new online bill payment process where payments can be made with a credit card or through other automated methods. The payment portal is located here: asbury.caregrove.com.
