*This message is going to ForestView family members and all Springhill Associates.*

May 7, 2021

Dear ForestView Family Members & Springhill Associates,

Our recent round of state-required COVID-19 testing detected a new positive case of COVID-19 within the ForestView Health Care Center. **Therefore, by Pennsylvania Department of Health regulations, we are required to suspend indoor in-person visitation at this time.**

I know this is difficult news to hear, especially as we enter the Mother's Day weekend. We are able to continue window and virtual visits (please see details below), and will do all that we can to safely accommodate outdoor visits on Sunday, Mother's Day, weather permitting. We are looking at our options now for these outdoor visits, but the forecast does not look good for this Sunday and, to set expectations, we may be limited in what we can offer. But we will do our best, I can promise you that. Please call contact Breanna Klenz at 814-860-7120. She will be here 8 a.m. - 4:30 p.m. Sunday and, as she is able, will assist you in scheduling outdoor or virtual visits.

We will proceed with monitoring and testing ForestView residents and associates in line with our established procedures. We will share additional updates regarding visitation opportunities as soon as we are able.

**Window or Virtual Visits:**

- Staff are available to support you in connecting with your loved one via window or virtual visits.
- Please contact Breanna Klenz in the Resident Life Office at 814-860-7120 or [bklenz@asbury.org](mailto:bklenz@asbury.org).

As a reminder, all COVID-19 data is updated daily at [Asbury.org/COVID19](https://www.asbury.org/COVID19). On the page, you can find the daily status charts in the first blue button on the side bar.

We know this is a challenging time for families and we appreciate your support as we work to keep your loved ones safe through this pandemic.

Sincerely,

**Sharon Belovarac RN-BC, BSN, NHA**
