*"From the day we moved in it was so neat...we had three people just drop in and say hi when they saw the moving van. And somebody brought flowers, and somebody brought chicken, and wine and cheese. And somebody brought fresh baked warm muffins...that's the kind of community it is."*  
- Kacey Dildine

*"Where you live can make all the difference. We love the natural light pouring in every room—including the great room with a double glass door to the courtyard and the den with five windows looking at the Asbury campus. Another great feature is the spacious two-car garage. All of the maintenance including grass cutting and snow removal are taken care of."*

*"My mother has lived at Asbury for over 25 years, and has been in assisted living for 7 years...everyone has been respectful and kind, and many have cared for and interacted with her lovingly, as if they were her family...from those who work in the office, the caregivers, nurses, people who coordinate activities, those who provide meals, and people who clean and maintain her apartment, they have a part in making it be like a loving home for my mother."*

- Kay O'Connor

*"My husband and I moved to Asbury 17 years ago. We worried that we might be too young, or not quite ready. It was the best decision we ever made...I truly appreciate living in a community with every kind of help available when necessary. Not to mention the priceless friends."*
