

The Reviews Are In!

Want to know what life is like at Bethany Village? Ask the experts—the people who chose to call us home!

"We knew our needs were going to be changing, and we wanted an environment that would meet that."

- Anne Chance

"Lovely campus and wonderful, caring staff members. In a 35-year health care career, I have had the opportunity to visit literally hundreds of nursing, rehabilitation and assisted living centers. There is not a single entity that matches Bethany Village."

- Jennie Firestone

"As I look back on what was coming next as a capital expense, was it going to be a major appliance going out, is it going to be the air conditioner that needs replaced, or the roof that needs replaced, I am so thankful that all of that is behind me. We found Bethany Village as an opportunity to do what we wanted to do."

- Jim Wilt

"I have had opportunities to volunteer with outside organizations to do things I may have never thought of previously. It has been a very good move for me!"

- Judith Clovsky

"I think we're more independent than we were. We're not tied to [taking care of] our house. The transition was easy. And it's not only the residents who are so friendly but also the staff. They have servants' hearts."

- Kathy and Bruce Seagrist

"My wife and I have lived all over the country in some dozen different communities, and we constantly marvel at what an amazing place Bethany Village is and how much we love being part of the community. The associates really care for the residents, and the residents are incredibly supportive of each other, and particularly those in need of help. Nowhere else that we have lived even remotely compared to the love, mutual sharing, and support we encounter here."

- Lowell and Nancy Starling

"We lived in our house for 30 years and I was in my neighbor's house once. We moved here and the night we moved in I was in three different homes as they welcomed us in. It was a life-changing experience for me. There's a lot to enjoy, and we encourage people to make the move while you can enjoy the opportunities that are available."

- Dale and Ellie Meadowcroft

"One of the things that became evident immediately was that all I had to do if a problem or question arose in the cottage was to 'call maintenance'--whether it's to have a light bulb changes, a concern about the dishwasher, or a request to hang a picture!"

- Margee Kooistra

"I certainly don't miss the stress and work of home ownership. Your home isn't as important as the entire experience you gain from living at Bethany Village. People here really care about each other. Our wing throws monthly birthday parties, and, if there isn't one to celebrate, we just have a party anyway!"

- Susan Stiller

"Moving to Bethany Village is the best decision we could have made regarding our health and wellness. We socialize with friends, family, and acquaintances, play games with neighbors, enjoy having friends over for dinner, dessert, or just a glass of wine. Our only regret, we should have come sooner! Come, join our beautiful community, and enjoy a carefree retirement. Beautiful people live here."

- Virginia Wilt
