

RiverWoods Health Care Center

Welcome Packet and Frequently Asked Questions for Residents and Family

Welcome to the Rehabilitation and Health Care Center at RiverWoods!

We are pleased that you have chosen our community for your recovery. We are proud to provide quality health services.

During your stay at RiverWoods, an important part of your recovery is participating in rehabilitative therapy sessions, in an effort to maintain your emotional and social well-being.

Your preferences and your comfort are equally important to us; we will work with you to deliver person-centered services that make you feel as “at-home” as possible.

Frequently Asked Questions

Care Plan Meeting: A meeting will be scheduled for you and your primary contact to take place within seven days of admission where we will discuss your plan of treatment. The meeting may take place in person or virtually depending on preference.

Visiting Hours: Guests are welcome seven days a week with flexible hours of visitation. Ring the intercom upon your arrival and an associate will provide entrance and exit assistance. Well-behaved pets are permitted.

Dining & Hours: You will be given a menu on Wednesday and Saturday to choose your meals in advance. Residents who would like something different may order from a menu of other options for lunch or dinner. Alternative menus are available to view on each unit.

Dining Room Hours: Breakfast: 7:00 AM
Lunch: 12:00 PM | Dinner: 5:00 PM

Guest Meals: Friends and family are welcome at any meal. Charges are billed through the monthly service fee to the host resident. Please see Guest Dining Charges on page 4.

Appointments: Follow-up appointments are scheduled by Adams Center associates.

Transportation: Transportation to appointments is provided by a variety of service providers. The transportation department can assist with choosing the appropriate method of transportation and vendor.

Social Services: The Social Work Department will work with you and your loved one to set up a care plan meeting to discuss discharge, progression of rehabilitation, nursing updates, etc.

Tipping: Our associates appreciate compliments but may not accept tips and gifts.

Television/Telephone: Included for all building residents.

Internet: Wifi is available in all rooms.

- Network: ACS Guest
- Password: RW@RidgeCrest1

Leaving the Health Care Center: Your safety is very important. Please notify your nurse before leaving the building.

Laundry: All personal items should be marked with the resident's name to minimize misplaced items. For a nominal fee, personal laundry can be done by our staff.

Programs: We offer a wide range of programs and activities addressing all components of wellness designed by a full-time therapeutic recreation staff. Activities may be limited to one-to-one interactions and outdoor gatherings as required for COVID-19 safety.

Resident Mail: Staff promptly delivers mail after receipt from the U.S. Postal Service. Social Security or pension checks, bills, etc., may be rerouted to a responsible party if desired. Outgoing mail may be sent out at the front desk.

COVID-19 Safety & Updates: For COVID-19 updates, please enroll in our Family emails, which you can access at [RiverWoods.org/ Events & Resources/Family & Friends](https://www.riverwoods.org/Events-Resources/Family-Friends).

We follow CDC recommendations and CMS regulations to mitigate infections, including COVID-19. Based on current regional transmission rates, positive cases at our community and your possible exposure status, you may be required to take additional precautions, such as testing or masking or quarantining. Based on these factors, our team will review necessary requirements with you upon admission.

COVID Vaccine & Treatment: If we are offering a clinic during your stay with us you will be able to receive the COVID-19 vaccine. We work with healthcare providers to offer the latest COVID-19 treatments as available and indicated.

Rehabilitation Services and Expertise

Physical, occupational, and speech therapies are provided with a doctor's orders by a highly experienced team of professionals employed by RiverWoods. We provide quality rehabilitative services to get you functioning independently as safely and as quickly as possible.

If you are a resident of RiverWoods retirement community or Riverview Manor Personal Care, we offer outpatient therapy services on site or, if possible, at your residence.

Reasonable Accommodations Policy:

RiverWoods recognizes that residents with disabilities may require reasonable accommodations to RiverWoods' policies, practices, or services to have an equal opportunity to use and enjoy RiverWoods' Residences, common areas, facilities and services. If you require a reasonable accommodation because of a disability, please refer to the Reasonable Accommodations Policy & Request Form, a copy of which has been provided to you and which is available from Administration.

Resident & Family Education for Recommended Adult Immunization Schedule*

**Adapted from the CDC*

At Asbury Communities, we are committed to your health and wellness and will support you to follow the recommended adult immunization schedule. We can also provide additional info about any of the recommended vaccinations. Let us know how we can help!

Vaccination is one of the most convenient and safest preventive care measures available. It is important for adults to keep their vaccinations up to date because immunity from childhood vaccines can wear off over time. You may also be at risk for different diseases as an adult or need additional vaccines due to health conditions, job requirements, lifestyle or travel. Talk to your healthcare professional about other recommended vaccines and which vaccines are right for you.

Adult Immunization Schedule Recommendations (by age)

Vaccine	50-64 years	≥65 years
Influenza inactivated (IIV) or Influenza recombinant (RIV4)	1 dose annually	
Varicella (VAR)	2 doses	
Zoster recombinant (RZV)	2 doses	
Pneumococcal conjugate (PCV13, PCV15, and PCV20)	1 dose of PCV20 OR	1 dose of PCV20 OR
Pneumococcal polysaccharide (PPSV23)	1 dose of PCV15 followed by 1 dose of PPSV23 at least 1 year later	1 dose of PCV15 followed by 1 dose of PPSV23 at least 1 year later Reminder: No additional doses are indicated at this age if PCV15 or PCV20 were administered at a younger age.
Tetanus, diphtheria, pertussis (Tdap or Td)	1 dose at least every 10 years	

About the COVID-19 vaccine

All adults are recommended to receive the COVID-19 vaccine. There are multiple options and dose recommendations vary by product and medical indication. Learn more about COVID-19 Vaccination at: <https://www.cdc.gov/covid19>.

General side effects of vaccinations are:

- | | | |
|---|-------------|-------------------|
| Tiredness | Muscle pain | Nausea |
| Headaches | Chills | Allergic reaction |
| Pain, redness or swelling in the vaccinated extremity | | |

Side effects are generally limited the first few days following the vaccine. To alleviate any side effects you may experience, drink plenty of fluids and move your vaccinated extremity often to prevent soreness.

Contraindications to vaccinations may be a history of a prior reaction or allergy to a component. For more info about the recommended vaccinations, please visit:

- COVID-19 Vaccination: <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/index.html>
- Vaccine information for Adults: <https://www.cdc.gov/vaccines/adults/index.html>
