Caring Support to Live Life Your Way

## Rediscover Your Independence

Offering three flexible levels of care, MapleWood Assisted Living is the warm and accommodating way to get a little extra daily help when and where you need it. Residents enjoy priority access to on-site assisted living services, but MapleWood can often accommodate seniors who do not live at Bethany Village.

Our caring, dedicated team of associates is available around the clock to ensure a helping hand is available when you need one, and on-site skilled nursing services provide an additional layer of assurance. MapleWood emphasizes wellness with a wide range of social, intellectual, artistic, and spiritual activities designed to help you stay active and engaged.

When you join our neighborhood, you gain the expertise, resources, and mission-focused commitment that come from joining central Pennsylvania's premier continuing care retirement community (CCRC)—one with over a half a century of service to seniors.

## Private, Secure Apartment Living

MapleWood's private suites are comfortable, bright, and inviting—with kitchenettes and plenty of privacy and the ability to live life just the way you prefer. With your favorite furnishings, mementos, and decorations, you'll feel right at home – and secure knowing assistance is there if you need it. Designed to accommodate aging and changes in your health, our apartments provide walk-in showers, handrails, and other safety features. Welcoming gathering areas on each floor foster a caring, family environment.
