

Quality Skilled Nursing
and Rehabilitative Services

Quality, Resident-Centered Care

Wilson Health Care Center provides 24-hour, comprehensive skilled nursing care by compassionate, experienced staff. Wilson is part of Asbury Methodist Village continuing care retirement community — but open to all.

- Quality short- and long-term rehabilitation with speech, occupational, and physical therapy
- Transitional care from hospital to home
- Specialized stroke recovery program
- Memory care
- Respite care

Philosophy of Care

Wilson Health Care Center works collaboratively with residents, providers, and family members to appropriately set and meet goals for long-term success.

Our Care Navigation Team includes nursing, therapy, social work, pastoral care, and wellness to ensure smooth transitions between settings, coordinated services, and a holistic approach to care.

Asbury embraces person-centered services, putting residents' wishes and individual preferences at the center of their care plan.

A Resident/Family Member Shares

“Extraordinary staff always, especially extraordinary in these extraordinary times. I worry about my mother all the time, but never about the care she gets at Wilson Health Care Center.”
